NAS

National Achievement Survey

2021

BARPETA

(ASSAM)

DISTRICT REPORT CARD

About NAS

NAS is a system level assessment i.e. it summarizes students achievement at National, State/UT and District levels.

The National Achievement Survey (NAS) is a national level large-scale assessment conducted to obtain information about the learning achievement of students of Classes 3, 5, 8 and 10 studying in State Govt. schools, Govt. Aided schools, Private Unaided and Central Govt. schools. NAS does not provide scores for individual student/school.

It is a national representative survey that provides a system level reflection on effectiveness of school education. NAS findings help compare the performance across the spectrum and across population which may serve as input to move in the desirable direction and areas for remedial interventions.

NAS is embedded in an extremely rich system of background variables. This survey correlates students performance with contextual variables. NAS is useful for educational planners and policy makers including researchers in understanding the interdependence of assessment, pedagogical process and learning outcomes. NAS 2021 focused on competency-based assessment. It was conducted in Language, Mathematics & Environmental Studies for class 3 & 5; Language, Mathematics, Science & Social Science for class 8 and Modern Indian Language, Mathematics, Science, Social Science and English for class 10.

For effective monitoring and nation-wide coordination, a National Steering Committee was constituted by the Ministry. While the NCERT was entrusted with the task of development of Assessment Framework, the administration of NAS 2021 was entrusted to the CBSE. Grade-wise subject specific Learning Outcomes were identified by the NCERT for development of the items for assessment. Sampling being a crucial aspect of assessment, the NAS 2021 sampling design was intended to support the predefined objectives of the assessment. The sampling note on which the sample has been selected for NAS 2021 is also available on the MoE website. The States, Districts and School level samples were based on UDISE+2019-20 data. Nearly, 3.4 million students from approximately 1.18 lakh schools were administered the survey. A dedicated Portal (https://nas.education.gov.in) was launched by the NIC with login access for functionaries and role-based functionality for managing resources, activity monitoring, reporting & documentation etc. Extensive training and capacity building was done for the field operatives using short and self-narrative videos in a blended mode. For a hassle-free and fair conduct of NAS, an integrated framework with operational salience was in place. The survey was conducted in a monitored environment.

Around 2 lakh Field Investigators (FIs), 1.24 lakh Observers, 36 State Nodal Officers, 733 District Level Coordinators and District Nodal Officers were engaged. Board Representatives were appointed for ensuring fair conduct of NAS. The pre-mapping of Test and background questionnaire tools using UDISE code, confidentiality at all stages, Just-in-Time delivery of papers in sealed trunks, school-specific packing for transit security, self-learning materials for functionaries in login, 3-tier supervision, machine- based random deployment, documentations in the form of control sheet, field note for FI and observer, district note and update on portal were some of the strategic arrangements that were in place for the smooth administration of NAS.

Out of 733 targeted districts, the NAS-2021 was conducted in 720 districts on 12th November 2021 except some districts of Tamil Nadu and Andhra Pradesh due to natural calamity.

This report would help diagnose learning gaps and determine interventions necessary in education policies, teaching practices and learning. The synthesis of the results at the national level would prove to be a rich repository of evidence for developing and designing the future course of action for the Indian education system.

MESSAGE

It is indeed a great opportunity to share the National Report of National Achievement Survey (NAS) 2021 as it will help States and UTs inidentifying the gaps in learning outcomes and provide strong foundation to design and implement the outcome based interventions.

NAS 2021 reflects the overall health of the education system at the National, State and District level. As you are aware that despite various challenges faced during the pandemic of COVID-19, NAS was conducted on 12th November, 2021 across the country in collaboration with the States and UTs.

The findings of the survey are crucial for understanding the achievement of student's learning outcomes and attainment of grade level competencies. Further, the data collected through this achievement survey will help to understand the impact of multi-faceted learning approach adopted during the pandemic and its effectiveness on children particularly from socio-economic disadvantageous background.

I am sure this report will guide education planners and policy makers including researchers to understand the grade-wise level of learning outcomes and pedagogical processes to induce improvement in the quality of education in the country.

I also take this opportunity to convey my best wishes and heartfelt gratitude to the stakeholders who were involved in this endeavor, especially all the children, parents and community members who had supported this survey and contributed towards its success.

(Dharmendra Pradhan)

MESSAGE

I am glad to learn that the National Report of National Achievement Survey (NAS) 2021 based on assessment conducted for Classes III, V, VIII and X is being brought out. The feat of conducting the NAS 2021 throughout the nation on a single day on 12th November, 2021 is commendable. The data for NAS 2021 was collected from around 34 lakh children, more than 5 lakh teachers from 1,18,274 schools in 720 districts across the country. The objective of NAS 2021 is to evaluate children's progress and learning competencies as an indicator of the health of the education system, so as to take appropriate steps for remedial actions at different levels.

I am sure that the data generated in this survey will be fruitfully used in analyzing and understanding the education system of the country in a more effective way. Assessment of the students based on learning outcomes will equip them for the knowledge & skill requirements of the 21st century. This will help in achieving the goals envisaged in the NEP-2020 in their letter & spirit.

I hope that the report will be useful for policy planners, researchers and all other stakeholders in understanding students' learning levels and thereby improving the quality of school education in the entire country.

I convey my best wishes to the team in this endeavour.

MESSAGE

We are happy to release the report of the National Achievement Survey (NAS) which was conducted throughout the nation on a single day for Classes 3, 5, 8 and 10 on 12th November, 2021. The data for NAS 2021 was collected from around 34 lakh children, more than 5 lakh teachers from 1,18,274 schools in 720 districts across the country. The conduct of NAS represents the systematic process of collecting data, starting from development of assessment framework tools, sampling, data analysis procedures and interpreting survey data.

Rather than assessing the children on rote memorization ability, NAS 2021 focused on assessing the competency-based skills, which focuses on children to develop the competencies to analyse, reason and communicate their ideas effectively and build their capacity for being a life-long learner. NAS 2021 reports will be effectively used in analyzing and understanding the education system of the country by focusing on the achievement of the students in various grades and through subject specific Learning Outcomes

To provide the insight into educational attainment at different levels, 37 detailed State Learning Reports and 720 District Report Cards are also being released along with the National Report. I expect that in-depth deliberations by the respective States, UTs and Districts on the survey findings will guide them to plan effectively for achieving the goals and improving quality of education in the country. I sincerely hope that these findings of the survey will provide guidance to the teachers, educational personnel at different levels and in particular, policy makers to take evidence driven steps for the overall improvement in the education system.

I extend my best wishes to the all the team members in this endeavor.

EVS

Percentage of Students by Performance Level

	Below basic	Basic	Proficient	Advanced
Language	17	34	36	14
Mathematics	11	30	39	21
EVS	11	26	47	16

Below Basic Learners at this level are at the early stages of development regarding the curriculum standards. They have not achieved the required knowledge and skill to be considered minimally successful regarding curriculum demands. They need guidance at every stage of learning. They need a lot of encouragement and support.

Basic Learners at this level demonstrate a minimum level of knowledge and skills related to the curricular demands. They can follow simple instructions and apply simple rules to achieve the expected performance. They have ideas but lack coherence. They can solve problems using simple logic, and also express themselves using simple language. They need enough guidance at various stages of learning.

Proficient Learners at this level have acquired most of the learning outcomes and skills required by the curriculum. They can work independently with minimum supervision. They have a systematic methodology to solve problems. They can communicate their ideas clearly. They can also connect different ideas and create meaning with minimum guidance and supervision. They can analyze situations and interpret information for application in new situations. Efforts are required to bring all learners to attain the proficient level and above.

Advanced Learners at this level display exceptional mastery of the learning content as prescribed by the curriculum and beyond. They are independent with high analytical, reflective and critical thinking. They can connect and integrate concepts and ideas to create new knowledge/meaning and solve complex problems. They communicate information with the highest level of creativity and coherence as well as make sound judgements.

M802	Finds rational numbers between two given rational numbers	46 ⚠	42 ⚠	40 ⚠
M803	Proves divisibility rules of 2, 3,4, 5, 6, 9 and 11	54	42 ⚠	43 ⚠
M804	Finds squares,cubes,square roots and cube roots of numbers using different methods	45 ⚠	34 ⚠	34 ⚠
M808	Uses various algebric identities in solving problem of daily life.	58	46 ⚠	42 ⚠
M812	Verifies properties of parallelogram and establishes the relationship between them through reasoning	46 ⚠	38 ⚠	39 ⚠
M818	Find surface area and volume of cuboidal and cylindrical object	29 ⚠	27 ⚠	30 ⚠
M819	Draws and interprets bar charts and pie charts	36 ⚠	29 ⚠	30 ⚠
Science				
SCI703	Classifies materials and organisms based on properties/characteristics	40 ⚠	39 ⚠	39 ⚠
SCI704	Conducts simple investigation to seek answers to queries	40 ⚠	38 ⚠	37 ⚠
SCI705	Relates processes and phenomenon with causes	44 ⚠	45 ⚠	45 ⚠
SCI708	Measures and calculates e.g.. temperature; pulse rate; speed of moving objects; time period of a simple pendulum, etc.	44 ⚠	41 ⚠	43 ⚠
SCI710	Plots and interprets graphs	33 ⚠	33 ⚠	35 ⚠
SCI711	Constructs models using materials from surroundings and explains their working	27 ⚠	27 ⚠	26 ⚠
SCI801	Differentiates materials, organism and processes	46 ⚠	43 ⚠	46 ⚠
SCI804	Relates processes and phenomenon with causes	37 ⚠	32 ⚠	34 ⚠

⚠ Average performance less than 50 percent

Performance of the District in Achieving Learning Outcomes (LOs)

LO Code	Learning Outcomes for Class 8	District Average Performance	State Average Performance	National Average Performance
SCI805	Explains processes and phenomenon	34 ⚠	34 ⚠	36 ⚠
SCI807	Measures angles of incidence and reflection, etc.	41 ⚠	36 ⚠	34 ⚠
SCI811	Applies learning of scientific concepts in day-to-day life	44 ⚠	41 ⚠	45 ⚠
SCI813	Makes efforts to protect environment	38 ⚠	39 ⚠	44 ⚠
Social Science				
SST605	Identifies latitudes and longitudes, e.g., poles, equator, tropics, States /Ws of India and other neighboring countries on globe and the world map	49 ⚠	43 ⚠	40 ⚠
SST610	Locates important historical sites, places on an outline map of India.	20 ⚠	21 ⚠	26 ⚠
SST625	Describes the functioning of rural and urban local government bodies in sectors like health and education	25 ⚠	30 ⚠	35 ⚠
SST703	Explains preventive actions to be undertaken in the event of disasters	53	53	46 ⚠
SST704	Describes formation of landforms due to various factors	58	51	44 ⚠
SST722	Explains the significance of equality in democracy	44 ⚠	37 ⚠	39 ⚠
SST726	Describes the process of election to the legislative assembly	65	48 ⚠	42 ⚠
SST731	Explains the functioning of media with appropriate examples from newspapers	57	53	56
SST733	Differentiates between different kinds of markets	45 ⚠	40 ⚠	38 ⚠
SST734	Traces how goods travel through various market places	51	44 ⚠	41 ⚠
SST802	Describes major crops, types of farming and agricultural practices in her/his own areaistate	42 ⚠	39 ⚠	39 ⚠
SST805	Locates distribution of important minerals e.g. coal and mineral oil on the world map	28 ⚠	30 ⚠	28 ⚠
SST807	Justifies judicious use of natural resources	41 ⚠	37 ⚠	37 ⚠
SST809	Draws interrelationship between types of farming and development in different regions of the world	35 ⚠	34 ⚠	36 ⚠
SST810	Distinguishes the modern period from the medieval and the ancient periods through the use of sources	30 ⚠	28 ⚠	28 ⚠
SST815	Explains the origin, nature and spread of the revolt of 1857 and the lessons learned from it.	33 ⚠	31 ⚠	33 ⚠
SST816	Analyses the decline of pre-existing urban centers and handicraft industries and the development of new urban centers and industries in India during the colonial period	24 ⚠	26 ⚠	27 ⚠
SST818	Analyses the issues related to caste, women, widow remarriage, child marriage, social reforms and the laws and policies of colonial administration towards these issues	43 ⚠	41 ⚠	44 ⚠
SST823	Applies the knowledge of the Fundamental Rights to find out about their violation. protection and promotion in a given situation	30 ⚠	31 ⚠	29 ⚠
SST827	Describes the process of making a taw. (e.g. Domestic Violence Act, RTI Act, RTE Act)	46 ⚠	38 ⚠	36 ⚠
SST831	Identifies the role of Government in providing public facilities such as water, sanitation, road, electricity etc, and recognizes their availability	34 ⚠	32 ⚠	37 ⚠
SST833	Draws bar diagram to show population of different countries/India/states	63	58	61

⚠ Average performance less than 50 percent

What students have to say

78%
Students like to go to school

51%
Students use same language at home as medium of instruction in the class

78%
Students could understand, what teachers teach in the class

47%
Students go out and play during games period

52%
Students have access to digital devices in the school

34%
Students have internet connectivity at home

62%
Student get parental support for their educational achievement

What teachers have to say

6%
Teachers have adequate instructional material and supplies

19%
Teachers have adequate work space

24%
Teachers say that they are overloaded with the work

58%
Teachers have responded that the school building needs significant repair

44%
Teachers have responded that there is lack of drinking water facilities in school

38%
Teachers have responded that there are inadequate toilet facilities in school

30%
Teachers participated in professional development program

95%
Teachers have responded that the parents take interest in school activities

99%
Teachers know the protocol for COVID symptoms reporting

98%
Measures to be taken for wellbeing of children and school staff

96%
Teachers are aware of school reopening guidelines

What head teachers have to say

59%
of head teachers responded that schools have adequate qualified teaching staff

50%
of head teachers responded that schools have adequate supporting staff

11%
of head teachers responded that schools have adequate audio visual resources

16%
of head teachers responded that schools have adequate library resources

98%
of head teachers responded that schools participate in sports activities

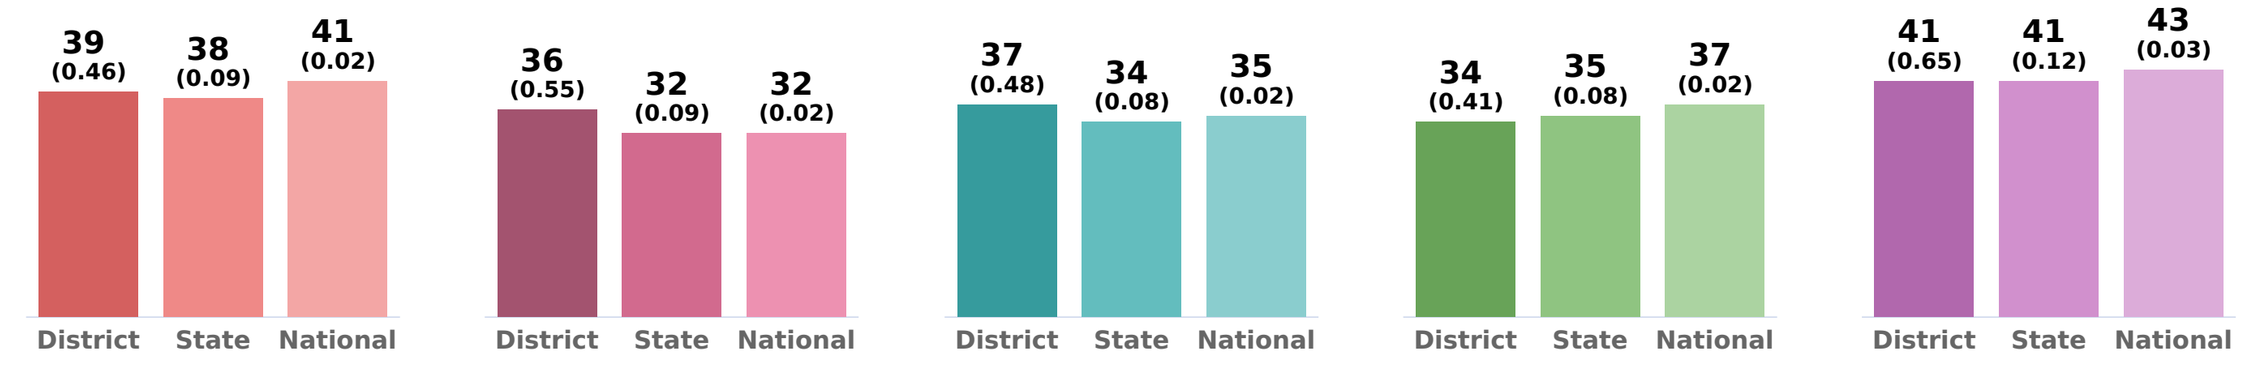
District Performance of Students vis-a-vis State and National

in percent correct (standard error)



Percentage of Students by Performance Level

	Below basic	Basic	Proficient	Advanced
MIL	62	33	5	0
Mathematics	21	43	29	7
Science	69	14	15	1
Social Science	64	29	7	0
English	23	21	41	15

Below Basic Learners at this level are at the early stages of development regarding the curriculum standards. They have not achieved the required knowledge and skill to be considered minimally successful regarding curriculum demands. They need guidance at every stage of learning. They need a lot of encouragement and support.

Basic Learners at this level demonstrate a minimum level of knowledge and skills related to the curricular demands. They can follow simple instructions and apply simple rules to achieve the expected performance. They have ideas but lack coherence. They can solve problems using simple logic, and also express themselves using simple language. They need enough guidance at various stages of learning.

Proficient Learners at this level have acquired most of the learning outcomes and skills required by the curriculum. They can work independently with minimum supervision. They have a systematic methodology to solve problems. They can communicate their ideas clearly. They can also connect different ideas and create meaning with minimum guidance and supervision. They can analyze situations and interpret information for application in new situations. Efforts are required to bring all learners to attain the proficient level and above.

Advanced Learners at this level display exceptional mastery of the learning content as prescribed by the curriculum and beyond. They are independent with high analytical, reflective and critical thinking. They can connect and integrate concepts and ideas to create new knowledge/meaning and solve complex problems. They communicate information with the highest level of creativity and coherence as well as make sound judgements.

Performance of the District in Achieving Learning Outcomes (LOs)

LO Code	Learning Outcomes for Class 10	District Average Performance	State Average Performance	National Average Performance
MIL				
MIL1011	पाठ्यवस्तु में शामिल रचनाओं के अतिरिक्त अन्य कविता, कहानी,एकांकी को पढ़ते-लिखते और मंचन करते हैं।	39 ⚠	38 ⚠	41 ⚠
Mathematics				
M1001	Generalises properties of numbers and relations among them studied earlier to evolve results, such as, Euclid's division algorithm, Fundamental Theorem of Arithmetic and applies them to solve problems related to real life contexts.	44 ⚠	38 ⚠	40 ⚠
M1002	Develops a relationship between algebraic and graphical methods of finding the zeroes of a polynomial.	38 ⚠	33 ⚠	32 ⚠
M1003	Finds solutions of pairs of linear equations in two variables using graphical and different algebraic methods.	42 ⚠	35 ⚠	30 ⚠
M1004	Demonstrates strategies of finding roots and determining the nature of roots of a quadratic equation.	45 ⚠	39 ⚠	36 ⚠
M1005	Develops strategies to apply the concept of A.P. to daily life situations. Works out ways to differentiate between congruent and similar figures.	43 ⚠	35 ⚠	37 ⚠
M1006	Establishes properties for similarity of two triangles logically using different geometric criteria established earlier such as, Basic Proportionality Theorem, etc.	34 ⚠	30 ⚠	32 ⚠
M1007	Derives formulae to establish relations for geometrical shapes in the context of a coordinate plane, such as, finding the distance between two given points, to determine the coordinates of a point between any two given points, to find the area of a triangle etc.	28 ⚠	28 ⚠	28 ⚠
M1008	Determines all trigonometric ratios with respect to a given acute angle (of a right triangle) and uses them in solving problems in daily life contexts like finding heights of different structures or distance from them.	39 ⚠	34 ⚠	33 ⚠
M1009	Derives proofs of theorems related to the tangents of circles.	43 ⚠	37 ⚠	36 ⚠
M1010	Examines the steps of geometrical constructions and reason out each step	17 ⚠	20 ⚠	21 ⚠
M1011	Finds surface areas and volumes of objects in the surroundings by visualising them as a combination of different solids like cylinder and a cone, cylinder and a hemisphere, combination of different cubes, etc.	30 ⚠	31 ⚠	35 ⚠
M1012	Calculates mean, median and mode for different sets of data related with real life contexts.	28 ⚠	26 ⚠	27 ⚠
Science				
SCI1001	Differentiates materials, objects, organisms, phenomena, and processes, based on, properties and characteristics.	41 ⚠	36 ⚠	37 ⚠
SCI1002	Classifies materials, objects, organisms, phenomena, and processes, based on properties and characteristics.	36 ⚠	33 ⚠	36 ⚠
SCI1003	Relates processes and phenomena with causes and effects	44 ⚠	40 ⚠	40 ⚠
SCI1004	Explains processes and phenomena.	39 ⚠	34 ⚠	36 ⚠
SCI1005	Analyses and interprets data, graphs, and figures	27 ⚠	30 ⚠	30 ⚠
SCI1006	Calculates using the data given	29 ⚠	27 ⚠	28 ⚠
SCI1007	Uses scientific conventions to represent units of various quantities, symbols, formulae, and equations.	45 ⚠	40 ⚠	38 ⚠
SCI1008	Applies learning to hypothetical situations	35 ⚠	33 ⚠	33 ⚠
SCI1009	Applies scientific concepts in daily life and solving problems	37 ⚠	35 ⚠	36 ⚠
SCI1010	Derives formulae, equations, and laws	30 ⚠	29 ⚠	28 ⚠

⚠ Average performance less than 50 percent

Performance of the District in Achieving Learning Outcomes (LOs)

LO Code	Learning Outcomes for Class 10	District Average Performance	State Average Performance	National Average Performance
Social Science				
SST1001	Recognises and retrieves facts, figures, and narrate processes.	31 ⚠	33 ⚠	34 ⚠
SST1002	Classifies and compares events, facts, data, and figures.	31 ⚠	34 ⚠	37 ⚠
SST1003	Explains cause and effect relationship between phenomena, events, and their occurrence.	35 ⚠	34 ⚠	36 ⚠
SST1004	Analyses and evaluates information.	30 ⚠	32 ⚠	33 ⚠
SST1005	Interprets: Maps, texts, symbols, cartoons, photographs, posters, newspaper clippings, climatic regions, changes in maps brought out by various treaties in Europe, sea, and land links of the trade from India to West Asia, South East Asia and other parts of the world, pie and bar diagrams related to gross domestic product, production in different sectors and industries, employment and population in India	34 ⚠	36 ⚠	42 ⚠
SST1006	Draws interlinkages within Social Science.	20 ⚠	24 ⚠	27 ⚠
SST1007	Identifies assumptions, biases, prejudices, or stereotypes about various aspects.	58	55	51
SST1008	Demonstrates inquisitiveness, enquiry.	45 ⚠	45 ⚠	45 ⚠
SST1009	Constructs views, arguments, and ideas on the basis of collected or given information.	23 ⚠	25 ⚠	28 ⚠
SST1010	Extrapolates and predicts events and phenomena.	33 ⚠	36 ⚠	35 ⚠
SST1011	Illustrates decision making/problem solving skills.	48 ⚠	46 ⚠	45 ⚠
SST1012	Shows sensitivity and appreciation skills.	31 ⚠	33 ⚠	37 ⚠
English				
E1007	Reads, comprehends and responds to complex texts independently.	41 ⚠	41 ⚠	43 ⚠
